SERVICE SUITE 01

— COMPANY FORMATION & STRUCTURING

# Atlas

The right structure, from day one.

Three services · 11 countries

[www.avenoxglobal.com](http://www.avenoxglobal.com)

# Every business starts with a structure. Get it right before it sets.

Atlas covers where you register, how ownership is arranged and how a group grows across countries, from the first license to the holding company above it.

Every engagement starts the same way: we learn what your business does, who owns it and where it operates, then recommend the structure before any paperwork begins.

## IN THIS SUITE

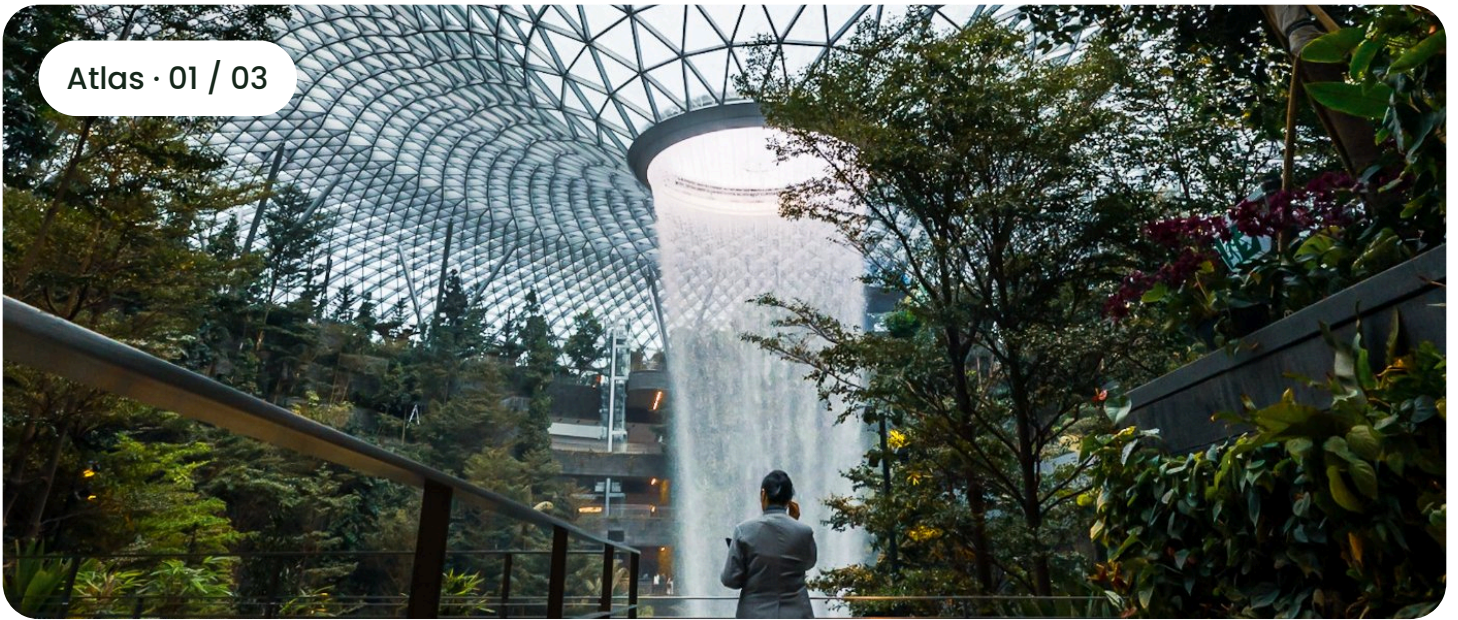

|    |                                       |    |

04 · Bank  
Flow

# Company Formation & Market Entry

Where you register, which license you hold and who owns the shares decide how your business runs for years. We advise on those decisions first, then handle the formation.

## WHAT YOU RECEIVE

- 01 Jurisdiction and license advice: mainland, free zone, DIFC or ADGM
- 02 Company formation, licensing and registration
- 03 Shareholding and ownership setup
- 04 Visas, residency and registered office
- 05 Account readiness, Corporate Tax, VAT and UBO filings

## KEY FEATURES

### Advice before paperwork

What fits your business, not what is quickest to sell.

### Market entry, abroad

Formation outside the UAE through our partner network.

### One team after launch

Compliance, banking support and later restructuring, under one roof.

# Corporate Structuring & Restructuring

How your companies are set up decides how easily you trade, get paid and expand. We design and restructure groups so ownership is clear and every entity has a purpose.

## WHAT YOU RECEIVE

- 01 Structure review of entities, ownership and licenses
- 02 Group structure design across jurisdictions
- 03 Share transfers, mergers, separations and closures
- 04 Cross-border links with the GCC, Asia, Africa and Europe
- 05 Implementation: licenses, articles, resolutions and records

## KEY FEATURES

### **Built with money flows in mind**

Designed around how money actually moves through the group.

### **Compliance from day one**

AML setup planned alongside the structure.

### **One lead across all countries**

One senior contact, wherever your companies sit.

# Holding Companies & SPVs

The right country, the right vehicle, and someone to handle it properly. We advise on the structure, then form and maintain it for you.

## WHAT YOU RECEIVE

- 01 Structure advice: vehicle, country and ownership chain
- 02 Holding companies, SPVs and family vehicles
- 03 Asset and share transfers, sequenced with your advisers
- 04 Ownership evidence and source-of-funds file
- 05 Ongoing filings, UBO and board records

## KEY FEATURES

### Risk kept apart

Each entity separate, so a claim against a subsidiary stays there.

### The right jurisdiction

Chosen for where your assets, owners and operations sit.

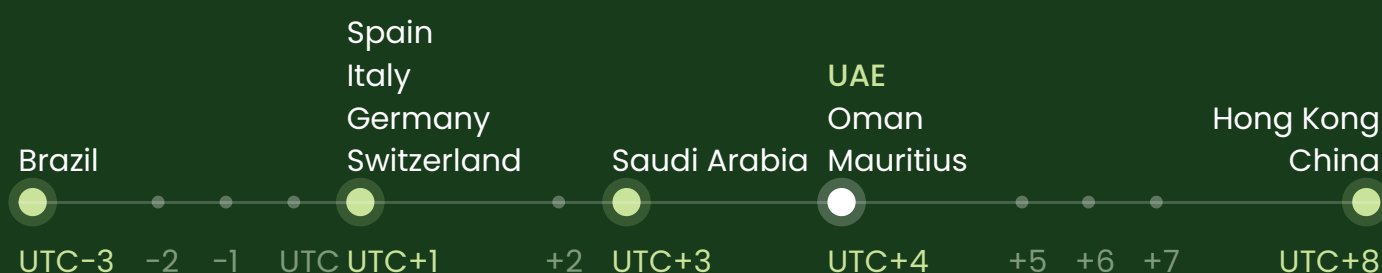

### Maintained, not just formed

Filings and records kept current, year after year.

# 11 countries. One team.

Through our partner network we form companies, holding structures and SPVs across all 11 countries, with corporate banking support in each of them and regulated compliance services in the UAE and Mauritius.

## ELEVEN HOURS OF TIME ZONES

|    |                      |             |                     |
|----|----------------------|-------------|---------------------|
| AE | United Arab Emirates | Middle East | Headquarters        |
| MU | Mauritius            | Africa      | Regulated services  |
| SA | Saudi Arabia         | Middle East | Formation & banking |
| OM | Oman                 | Middle East | Formation & banking |
| HK | Hong Kong            | Asia        | Formation & banking |
| CN | China                | Asia        | Formation & banking |
| ES | Spain                | Europe      | Formation & banking |
| CH | Switzerland          | Europe      | Formation & banking |
| IT | Italy                | Europe      | Formation & banking |
| DE | Germany              | Europe      | Formation & banking |
| BR | Brazil               | Americas    | Formation & banking |

— START A CONVERSATION

# Tell us what you own and where.

We will recommend the structure, the jurisdiction and what it costs to run, before anything is filed.
